RE: REACH SVHC's Compliance & PAHs

Dear Valued Customer,

We hereby certifies that our POLICAM Polycarbonate (PC) Sheet products are compliant with the European Union Regulation (EC) 1907/2006 governing the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) and do not intentionally contain substances above 0.1% weight of a Substance of Very High Concern (SVHC) listed in Annex XIV & Annex XVII.

Our POLICAM Polycarbonate (PC) Sheet products do not contain restricted Polycyclic Aromatic Hydrocarbons (PAHs) intentionally added components [above 0.1% w/w (each) threshold limits, if applicable], which refers to Entry 50 of Annex XVII to Regulation EC 1907/2006 and AfPS GS 2019:01 PAK related Restriction of PAHs Hazardous Substances requirements.

Furthermore, based on our knowledge of the manufacturing process and information provided by our suppliers to date, we do not expect such substances to be present in these products. Since the presence of such substances could not be expected under normal conditions, the absence has not been checked by analysis.
